CMO Implementation Manual Changes: FY 2020-21

The FY 2020-21 Implementation Manual (IM) for the Clean Mobility Voucher Pilot Program (CMO) was published on September 10, 2020. This version of the IM applies to voucher applications submitted on or after October 20, 2020, and addresses other general policy changes and clarifications.¹ The IM is published at https://www.cleanmobilityoptions.org/implementation-manual/.

For more information and specific questions about a voucher application in progress, please contact info@cleanmobilityoptions.org.

Summary of Key Updates:

- Clarification that local special purpose districts such as school districts or library districts can apply independently of the city or county with which they are associated.

- Clarification that individual departments within an agency (such as a City Transportation Department), or individual facilities within a special purpose district (such as a library or school), can participate with their governing agency or district as the lead applicant. They are not considered distinct applicants from their governing body.

- Certain non-profits that are tribally chartered corporations under tribally enacted laws may be exempt from registration with the California Secretary of State.

¹ The initial IM for the Clean Mobility Voucher Pilot Program (IM V.1.0) published on April 8, 2020 applies to voucher applications submitted for the 2020 Community Transportation Needs Assessment during June 2020 Voucher application window. IM V.1.0 dated April 8, 2020 also sets the program requirements that are in place for implementation of 2020 Needs Assessment projects.
• Clarification that the purpose of providing a letter of support from a project-related community-based organization (CBO) or local community group, the CBO or local community group must meet a minimum of two of the criteria listed. The letter of support from CBO must also demonstrate how the CBO meets these criteria.

• Clarification that food and childcare costs associated with events are not reimbursable expenses under the Mobility Project Voucher or the Needs Assessment Voucher.
Fuel and electricity costs are added as eligible expenses in the Mobility Project Voucher.

Community Resource Contributions may include revenue from credits generated by the Low Carbon Fuel Standard (LCFS) that will be used during the Voucher Funding Term.

Non-profit organizations must submit documentation of their legal status with their application, as follows:

- **Copy of the IRS Determination Letter** as evidence of their tax-exempt status with the Internal Revenue Service under Internal Revenue Code Section 501.

- **Copy of Exemption Letter from State of California Franchise Tax Board** as evidence of their tax-exempt status under California State law.

- **Copy of Articles of Incorporation** as evidence of at least one-year incorporation from the time of voucher application submission.

- **Copy of Statement of Information and Certificate of Status** as evidence of being registered and in active and good standing with the California Secretary of State.

Application Submission: Removal of in-person application delivery. Only email and post-mail application delivery methods are now accepted.

Application Evaluation: Time period between application submittal and confirmation of receipt by Program Administrator is changed from two days to five days. Time between application submittal and status notification from Program Administrator is changed from one month to six weeks. The submission period for minor corrections or clarifications requested by the Program
Administrator during application screening period is changed from five business days to five calendar days.
